

The background of the entire page is a dark blue color. It is decorated with a pattern of light blue wavy lines, resembling stylized water or swimmer strokes. These lines are arranged in a grid-like fashion, with some lines being slightly offset or missing in certain areas, creating a dynamic and aquatic feel.

COMPETITION PROGRAMME

The Championships will be staged over six (6) days with preliminary heats in the morning sessions and the semi-finals and finals in the evening session. Ten (10) lanes of the competition pool will be used for the morning heats, if necessary, while semi-finals and finals will be swum using eight (8) lanes. All morning sessions will start at 10:00 am, and evening sessions will start at 7:00 pm local time. The session start times may be subject to minor changes.

PREVIEW

European Short Course Championships return to Poland after 14 years

- **Illustrious field of entries: Olympic, World and European champions competing in Lublin**
- **Six days of competitions with 531 swimmers from 45 federations**
- **New champions in 12 events – Italy, Germany and host Poland with largest teams**

Lublin, Poland (EA) – The European Short Course Swimming Championships return to Poland after a 14-year-long break. From December 02-07, the city of Lublin will host the second ever Swimming Europeans on senior level in Poland. In 2011 it was the city of Szczecin near the Baltic Sea to cover the first ever international swimming Championships in Poland.

Otylia Jędrzejczak was the undisputed swim star of the country in the early 2000s. The four-time Olympian is one of the most famous names among Polish athletes. The meanwhile 41-year-old not only won the first ever Olympic swimming gold (200m butterfly) for her country but an additional two silver medals (400m free, 100m fly) in Athens 2004. Two World and five European titles as well as a total of 26 medals at Olympics, World and European Championships (lc and sc) complete her impressive medal tally.

Jędrzejczak has remained loyal to her sport. In September 2021 she was elected President of Poland Aquatics, and will now serve as “head” of the Organizing Committee for the 24th edition of the Short Course Europeans. The top European short course event, which will celebrate its 24th anniversary this year, had its première more than a quarter-century ago in Rostock, Germany in 1996.

In 2021 it was turned into a six-day event. The extension of the five-day meet allowed the addition of two new events: 2021 in Kazan the first European titles in the men’s 800m freestyle and the women’s 1500m freestyle were awarded. Since Chartres in 2012, when the mixed 4x50m free and medley relays were introduced, it was the first addition to the schedule. In Lublin, altogether 42 competitions will be staged – 36 individual and six relay titles will be awarded.

Germany and Italy with largest teams – Host Poland with 26 participants

45 of the altogether 52 LEN Member Federations have nominated athletes for the 42 competitions, 531 swimmers (201 female / 330 male) in total. Sure enough, swimmers from Germany, Italy, France, Hungary, the Netherlands and Great Britain can be expected among the top favourites. Great Britain was on top of the medal table at the previous edition in Otopeni with altogether 23 medals, whereas Russia – like Belarus not eligible to participate in Lublin – headed the medal table in Copenhagen (2017), Glasgow (2019) and Kazan (2021).

Italy (32 athletes) and Germany (31) will compete with the largest teams ahead of Sweden (28), Poland (26), Spain (25) and Finland (24). Host Poland will be represented by 26 swimmers, their medal hopes rest especially on allrounder Ksawery Masiuk, the twin brothers Krzysztof and Michał Chmielewski as well as Klaudia Tarasiewicz and Katarzyna Wasick.

Top stars participating in Lublin promise competitions on world-class level

A glance at the entry lists with many illustrious names should make the hearts of swimming fans beat faster and give hope for one last major swimming highlight this year - five months after the long course World Championships in Singapore. International top stars in Lublin will be, among others, Germany’s Olympic champions and Olympic medallists Lukas Maertens, Florian Wellbrock and Oliver Klemet as well as World champions Angelina Koehler, Isabel Gose and Anna Elendt.

PREVIEW

Multiple medal winners such as Marrit Steenbergen, Arno Kamminga and his "successor" in the breaststroke events, Caspar Corbeau, will represent the Netherlands. Corbeau recently etched his name in the history books. At the SC World Cup in Toronto, the Dutchman became the first ever swimmer to break the magical two-minute barrier in the 200m breaststroke, clocking a time of 1:59.52 thus beating the previous world record of 2:00.16 set by Russian Kirill Prigoda in 2018. By the way: Corbeau covered the first 100m in 56.80 seconds.

The Italian cracks Nicolo Martinenghi and Simona Quadarella, Hungary's Szabasztian Szabo and Zalan Sarkany, Lithuania's Danas Rapsys, the Greeks Anna Ntountounaki, Andreas Vazaios, Apostolos Papastamos and Dimitrios Markos, Norwegian Henrik Christiansen, the Swedish sisters Louise and Sophie Hansson and Carles Coll and Hugo Gonzalez from Spain will certainly guarantee high-class competitions too. British Swimming arrives with 17 athletes including medal contenders such as Matthew Richards, Duncan Scott, Tom Dean and Freya Anderson.

Wiffen and Ponti back to repeat their medal triple from 2023?

Swimmers whose stars finally rose in Otopeni 2023 were Daniel Wiffen from Ireland and Noè Ponti from Switzerland - both 24 years old and both coming back as titleholders in three events each. Wiffen will try to defend his titles in the 400, 800 and 1500m freestyle, Ponti wants to repeat his masterpiece in the 50, 100 and 200m fly.

Defending his titles in Lublin could turn into a real challenge for Wiffen, as the Olympic champion (800m free) and bronze medallist (1500m free) in Paris 2024, will face especially tough competition with Germans Wellbrock and Klemet as well as Kuzey Tuncelli from Turkey, the French specialist Damien Joly and Zalan Sarkany or David Betlehem from Hungary. Remembering the electric atmosphere at Wiffen's 800m world record 2023 in Otopeni, the races in Lublin will surely be a highlight of the event.

2023 Champions ready to defend their titles in 24 single events - New titleholders in 12 events

Only in seven out of 18 female single events the champions from Otopeni will take a stab at defending their titles: Beryl Gastaldello (FRA/100m free), Freya Anderson (GBR/200m free), Simona Quadarella (ITA/400m free), Angelina Koehler (GER/200m fly), Louise Hansson (SWE/100m fly), youngster Eneli Jefimova (EST/100m breast) as well as Anna Ntountounaki (GRE) and Tessa Giele (NED) who shared the gold medal in Otopeni in the 50m fly, are all hoping to gain again the top spot on the podium.

Many more, namely 17 out of 18 male titleholders from 2023, are aiming to defend their titles. Among them are the French Maxime Grousset (100m free) and Mewen Tomac (50/100m back), Italians Alberto Razzetti (400m IM), Nicolo Martinenghi (50m breast) and Lorenzo Mora (200m breast), Great Britains Matthew Richards (200m free) and Duncan Scott (200m IM) as well as Austrian Bernhard Reitsmeier (100m IM). All have entered the respective events this year too.

Age range from 14 to 36 years: Finnish Liukkonen oldest competitor – Austrian Nida Omid youngest swimmer

The oldest participant in Lublin is Finland's 50m freestyle sprinter Ari-Pekka Liukkonen at age 36 (born 09/02/1989). The three-time Olympian, who won European bronze 2014 in Berlin as well as Gold 2021 in Budapest, is followed by Dutch Thom de Boer (33) and Marcin Cieslak from Poland (33). The youngest male swimmer is French newcomer Sauveur Cristofini (29/11/2009), who recently celebrated his 16th birthday.

Oldest female swimmer is "local hero" Katarzyna Wasick (22/03/1992) at age 33. The freestyle sprinter, who won her first of altogether six European SC medals in Szczecin 2011 (Bronze 4x50m medley), claimed three silver medals in the 50m free at World (2022) and European Championships (2021, 2022). Wasick is followed by Italian Silvia di Pietro (06/04/1993 - 32 years) and Ana Pinho Rodriguez from Portugal (21/04/1994 -31). Youngest female swimmer is Austrian Nida Omid. (04/05/2011) at age 14.

FACTS & FIGURES ...

... DATE and VENUE: From December 02-07, Lublin will host the 24th edition of the European Short Course Swimming Championships. With a population of around 350,000 Lublin is the ninth largest city in Poland and a centre rich in history and culture which, in recent years, has gained recognition as a dynamic host of both sporting and cultural events. Its location and unique atmosphere makes it an ideal setting for international championships.

Lublin is located about 170 km southeast of Warsaw. With a history dating back to the 9th century, it is a vibrant academic, cultural, and economic centre of the region. The city, well-known for its beautiful preserved Old Town and Renaissance architecture, combines the charm of a historic old town with the energy of a modern European hub.

... LOCATION: The 2025 continental showcase will take place at the modern Aqua Lublin aquatics center, inaugurated in 2015. As one of the most modern aquatics complexes in Poland, Aqua Lublin is the flagship sports facility of the city. It includes a 50-meter Olympic swimming pool with a movable bottom and modern timing system, an additional 25-meter training pool, and facilities for both recreational and professional use.

The venue is fully equipped to host international swimming competitions and has already staged numerous national and European events. Its location in the city center, close to hotels and transport connections, ensures excellent accessibility for participants and visitors alike. The total capacity amounts to 2080 seats. From December 10-14 the same venue will also host the European Masters' Short Course Championships.

... European Aquatics / LEN: European Aquatics, until September 2023 known as "Ligue Européenne de Natation – LEN" was founded in Bologna (ITA) on August 30, 1927 by 11 countries and their national swimming federations, one year after the first European Championships in Swimming, Diving and Water Polo had been held in Budapest. Today, European Aquatics has 52 member federations from Albania to Ukraine.

... HISTORY: The European Short Course Swimming Championships celebrated its première in 1996. The first event was held in Rostock, Germany. Until today 23 editions were carried out, from 1998 until 2013 it was staged annually. In 2013 LEN switched to a two-year mode. The last edition took place in Otopeni / Romania in December 2023. Additionally four editions of the so called European Sprint Swimming Championships took place from 1991 until 1994.

... HOSTS: The Polish Swimming Federation, founded in 1922, will host the 2025 European Aquatics Short Course Swimming Championships in Lublin. It's the second ever European Aquatics Championships on senior level in Poland after the SC Europeans in Szczecin 2011. The organisation of this prestigious event at Aqua Lublin reflects the commitment to the development of sport and demonstrates that Poland is becoming an increasingly important host of major international competitions.

Otylia Jędrzejczak, President of Poland Aquatics since September 2021, is by far the most famous name among Polish athletes. The medal tally of the three-time Olympian is more than impressive. The meanwhile 41-year-old not only won the first ever Olympic swimming gold (200m fly) for Poland but also two silver medals (400m free, 100m fly) in Athens 2004. Two World and five European titles as well as a total of 26 medals at international events at World and European Championships (lc and sc) – complete her impressive medal collection.

... PARTICIPATION: 531 swimmers (330 male / 201 female) from 45 European Aquatics Member Federations have announced their participation for Lublin. By comparison: At the last SC Europeans 2023 in Otopeni, 399 swimmers (222 male / 177 female) from 40 Federations participated. The record participation at Short Course Europeans until today was set in 2019, when Glasgow/Great Britain welcomed 49 participating nations.

FACTS & FIGURES ...

... TITLES: A total of 42 titles will be awarded in Lublin – including the mixed relay events (4x50m freestyle mixed and 4x50m medley mixed) which were added to the competition programme in Chartres 2012 for the first time. The men's 800m freestyle as well as the women's 1500m freestyle celebrated their première in 2021 at the Championships in Kazan.

... COMPETITION MODUS: Heats will be carried out in ten lanes. Semi-finals (only in 50 and 100 metres events), and finals will be held in eight lanes. Qualifiers for the finals will be the top two ranked in each semi-final together with the four fastest times from the remaining swimmers in the semis. In individual events a maximum of four (4) entries per Federation and per event may be submitted (800m and 1500m are excepted). Notwithstanding times and places achieved in the heats, only the two (2) fastest swimmers of each Federation may proceed to the finals or semi-finals.

For the third time after 2021, the event will last six days, starting with the first competitions on Tuesday (December 02) and finishing on Sunday (December 07).

As a result of the new six-day event, there are some additional changes since 2021. Until 2019, the semi-finals and the final in the 50m events were held in the same session (semis at the beginning of the session, the respective final at the end). Since Kazan 2021, the 50m finals will be carried out on the following day. As the event programme is drawn apart, this new schedule offers new possibilities to some swimmers.

... MIXED RELAYS: At short-course events, the 4x50m freestyle and 4x50m medley are part of the programme. A mixed relay team will consist of two male and two female swimmers who can start in whatever order. The first European mixed relay events in long course (4x100m freestyle, 4x100m medley) took place at the 2014 European Championships in Berlin.

... MEDALS: In the history of the Championships – from 1996 in Rostock/Germany until 2023 in Otopeni – a total number of 2580 medals in gold (870), silver (847) and bronze (863) have been awarded to 36 national federations. With a total of 327 medals Germany is at the top of the all-time medal table, ahead of Italy (264) and Russia (245).

Last federation to be listed on the medal table for the first time was Bosnia and Herzegovina in 2023 (Lana Pudar, bronze, 200m fly). At the previous 23 editions Poland has claimed a total of 91 medals (34 gold, 30 silver, 27 bronze) since 1996 and is ranked on 10th place in the all-time medal table of European Short Course Championships.

... PRIZE MONEY: Since the 2017 Short Course Europeans, European Aquatics (LEN) offers a bonus for individual World (€10,000) and European records (€5,000). In total, EA (LEN) distributes 300,000 Euros for the top 15 performances (both among the men and women) according to the World Aquatics (former FINA) points table as follows (one swimmer is rewarded for his/her top performance only). Additionally, LEN offers financial assistance to all LEN Member Federations.

1.	25,000 €	9.	8,000 €
2.	20,000 €	10.	7,000 €
3.	15,000 €	11.	6,000 €
